Dossier für die Vorregistrierung

Inquiry (Voranfrage)

- Bevor ein Registrierungsdossier eingereicht wird, muss bei der ECHA nachgefragt werden, ob dieser Stoff schon registriert ist.
- Erst danach kann die Registrierung erfolgen.
- Für diese Anfrage wird ein Tool in REACH IT eingerichtet.
- Es gibt im Gesetz keine Wartefrist, die zwischen Voranfrage und Abschicken des Dossiers liegt.
- Die Voranfrage muss aber immer vor der Dossierabgabe liegen!

Registrierung von Stoffen

- Die Registrierung von Stoffen ist ab dem 1.6.2008 möglich.
- Die Unterlagen können nur über REACH IT eingereicht werden.
- Vor dem eigentlichen Einreichen kann man einen Probelauf starten. Es kann dabei getestet werden, ob der Stoff den Completeness Check unbeanstandet passiert.
- Ein entsprechendes Tool für IUCLID steht noch nicht zur Verfügung, ist aber auf der „Wunschliste“ der Industrie.

PPORD

- Alle bisher gültigen PORD-Meldungen verlieren zum 1.6.2008 ihre Gültigkeit.
- Es können für das gleiche Forschungsvorhaben aber neue PPORD beantragt werden (auch wenn PORD nur noch 3 Tage läuft, ist eine erneute PPORD für 5 Jahre möglich).
- PPORD muss am 2.6.2008 beantragt werden.
- REACH IT wird aber erst zum 1.6.2008 freigeschaltet.
- Es ist daher nur dieser einzige Tag möglich.
